

Tiwi Gardens Seniors Living Community

*"Retirement made easy,
enjoyable and deserving"*

Introduction to Greenfields Living.

Our ethos is based on respect, empathy, trust and good leadership. And because we are a smaller organisation than some of our competitors, our advantage is that we are able to focus heavily on the independent needs of our residents and the facilities within their community. This allows us to act quickly and efficiently without having to jump through a number of corporate hoops- which means we get results- and fast. We are an evolving organisation, growing and developing very quickly in order to accommodate the high demand from the Territory's senior living circuit.

Essentially, at Greenfields Living we are a family based business and we adhere to family values. The two owners of our sites, David McMahon and Andrew McMahon, have a wealth of experience of business in the Territory and understand that the needs of Territory living is very much different to the needs of living in other states across Australia. In addition to their knowledge of the Territory way of life, they have a passion and vision to ensure that the senior's community of the Territory are represented and provided the lifestyle they deserve at retirement.

Greenfields Living was established in 2015 after acquiring an established and flourishing retirement Village at Tiwi Gardens, Northern Territory. Our vision is to help seniors enjoy their retirement with an optimal focus on maintaining a healthy and independent lifestyle.

Tiwi Gardens Retirement Village first opened its doors in 1996 and since then the community has developed and flourished. Being a relatively new operator, we've had the advantage of being able to research, watch and listen to the demands of Territory seniors and we feel confident that our team of experienced managers and passionate owners are able to feel the gap in the marketing, providing an exemplary service to each and every one of our residents and their families here in the Territory.

We all know that the Territory is a great place to live, and here at Greenfields Living our goal is to ensure every Senior Territorian's needs are met and exceeded. We want our Senior Territorians to be able to enjoy a relaxing retirement with the peace of mind knowing that we have their best interest and life time enjoyment at the forefront of our minds at all times.

We have full appreciation of the importance of staying connected to family and friends and our villages are designed to allow and encourage ongoing social interaction on a day to day inside and outside of the community environment.

Our aim is to be the Territory's market leader in Senior's Independent Living, providing an exclusive and exemplary service to senior members of the Territory community. Our focus is Independent Seniors Living; it's what we do and only do. And that's why we are confident we will soon be the Territory's leading Independent living provider.

The Freedom to enjoy your retirement your way.

Our Tiwi Gardens Senior Livings Community offers thoughtfully designed homes, built to provide easy living solutions to our residents. Villas can be adapted to meet your independent needs and we encourage residents to live in their villas as if they were their own home- because we hope you are going to be there a very long time! Here at Greenfields Living we also provide a friendly and welcoming community environment for all our residents to enjoy, established and maintained so that you can relish the retirement lifestyle you deserve. Retirement Living has never been more flexible and enjoyable- remember here at Greenfields Living you are free to enjoy your retirement your way.

A friendly face and help when you want it.

Our Village Manager is based on site during working hours and is available to provide information and guidance on these services should any residents require a helping hand. Our focus is to provide all of our residents with all the help they need to ensure they can maintain their independence and remain healthy and happy in their own home for as long as possible.

Our Village manager can help our residents access a wide range of services to suit their individual requirements. If the time comes for some extra support, Darwin and its surrounding suburbs have a number of aged care service providers who can assist with care packages that cater for each resident's individual needs. This extends to personal care, mobility assistance, medication prompting, shopping, banking, social visits and respite care.

Location, Location, Location.

Our Tiwi Gardens Retirement Village is separated into three sites: Tiwi Mews, Tiwi Villas and Tiwi Village. Our site is conveniently located close to Royal Darwin Hospital and we also neighbour Regis Aged care, which provides higher care facilities as well as Respite care, physiotherapy and rehabilitation.

Tiwi Gardens is close to Casuarina Square shopping centre, as well as Casuarina shopping centre and the plaza. There are a number of good medical centres, to include bulk billing practises, in the area which also include x-ray and skin cancer clinics. Casuarina also has a number of restaurants and cafes, as well as a public swimming pool. The beautiful Casuarina beach is also a short distance away.

“Making sure you get the retirement lifestyle you well deserve”.

It's a lifestyle choice.

Retirement is the opportunity to live life to the full and enjoy the lifestyle of your choice.

Everyday more and more Australians are choosing to opt for the comfort and security provided by Senior Living communities.

At Greenfields Living, we are here to guide you and make sure you are fully aware of the benefits of Retirement Living. Retirement Living is a lifestyle choice and we are here to help you understand the type of lifestyle that is available to you in as easy way as possible.

Our Retirement Villages offers comfortable and secure living options to retirees in the Northern Territory.

Residents can enjoy the benefits of living in an active, safe environment without the day to day burden of maintaining their own property, whilst ensuring your everyday support and care needs are met.

At Greenfields Living, we provide all our residents with access to a range of support agencies including personal services, extra care and support, if needed. Our strong connection and relationship with these service providers means we are able to pass on support in an easy and stress free way.

The Village at Tiwi Gardens

“Retirement made easy, enjoyable and deserving”

Tiwi Village first opened in 1996 and comprises 30 Independent Living Villas. This gated community is made up of a combination of two and three bedroom tropical style villas, ultimately designed with retirement living in mind.

The site has a lovely pool area to the side of the community centre, where residents can cool off from the Darwin Heat. Our Managers office is also located on this site, making it easy for residents to visit the Manager with any questions, queries or concerns.

The Village is famous for its luscious gardens and lawns, which are filled with palms, frangipanis, hibiscus and orchids amongst many other different types of plants. We also have a small citrus garden where residents can grow lemons and limes. Some residents even grow Mangoes and Paw Paws! We take great pride in our gardens and work hard to ensure they are looking their best for all our residents to enjoy.

The Village has their own social committee, who organises events for residents within their community. These events include Tai Chi, Mahjong, arts & crafts as well as a BBQ evening once a month.

The Village is a fantastic environment to relax and enjoy retirement.
